TWELFTH YEAR. NO. 214.

EAST LIVERPOOL, OHIO, THURSDAY, FEBRUARY 18, 1897.

TWO CENTS

DEVOTED TO THE INTERESTS OF EAST LIVERPOOL.

## The Boston Department Store.

## THE BIG SILK SALE

It is booming. Have you been there? If not, hurry and get there if you have any silks to buy. The purchase of every yard means a saving of from 25c to 50c a yard. Hundreds of customers took advantage of the genuine bargains offered Thursday, Friday and Saturday, and this week hundreds more will do the same. When you consider the low prices quoted, and the assortment you have to select from; an assortment as large as shown by any one large department store in the larger cities, the temptation to buy is irresistible. No more silks at the prices being quoted now, after this sale is over, which will be in a short time, so come while this exceptional opportunity lasts.

### MORE OFFICERS NEEDED

Not Enough Policemen to Guard the City.

### HOW THE FIREMEN COULD HELP

If They Looked After the Crows on Sixth Street the Force Could Watch the Remainder of the Town—An Ideal Force Must Have 10 Men and a Chief.

There is just now a very well developed belief that the city is in need of a larger police force, and to insure its safety it is necessary that Chief Johnson and his little band be reinforced by other officers to look after other sections of the town. It is suggested that the firemen do police duty if council cannot see its way clear to appoint other officers.

The force at present is made up of four officers and their chief, and it is their duty to look after the entire city. The work has been so arranged that they are on duty during the afternoon and at night, leaving the city without police protection in the morning. One officer is detailed for each ward, and in the First and Fourth wards it is almost impossible for them to do what the regulations intend. Doctor Marshall will at the next meeting of council ask that East End be given police protection of some kind. Residents of that part of the city do not care how the matter is arranged if they are only allowed an officer.

In the Second and Third wards the officers have their hands full, and one man could be constantly occupied on Sixth street and in the Diamond. It is suggested that some rule be made which will in fact place the firemen on duty as policemen. They are expected now to do something of that kind, but, beyond looking after the patrol and aiding in an occasional raid, they are of little use as officers. While it was understood when the ordinance creating the paid department was passed, that they were to be policemen no rules specifying their duties in this line have ever been made. If it was so arranged that the firemen could keep the crowds moving on both sides of Sixth street, and look after the square bounded by Sixth, East Market and Broadway, much would be taken off the shoulders of the force. They could devote more time to other wards where there is work to be done, and too often no one to do it.

Mayor Gilbert and Chief Johnson have a plan for an ideal force for the city, and would like to see it in force, although they acknowledge that at present it seems rather vague and shadowy. They would have 10 officers and a chief, the force being placed to meet every requirement. The majority would be on duty at night, but a sufficient number could be detailed for day work to keep the peace and order of the city much better than at any time in the past. East End, West End and every other part of town could then be guarded as the law intends. It is believed the matter will appear in council before another year is over.

### UNCLE SAM IS THE OWNER.

He Claims All Land Between High and Low Water Mark.

Attorney General Harmon has rendered a decision on the question of ownership of land lying along the navigable streams between high and low water mark that will affect the supposed rights of all land owners along such streams. The decision is that the land between high and low water marks belongs to the government, and can be taken for government purposes at will, without leave or damages. Ever since the government began work on the Ohio and Monongahela rivers the owners of river lands have claimed everything down to low water, and in many cases exacted big damages from the government for the use of the river bank.

### A LARGE CROWD

Heard Reverend Shimp Preach a Good Sermon.

The revival meetings at the Methodist Protestant church are increasing in interest. A large audience listened with rapt attention to the sermon of Reverend Shimp last evening. His utterances are powerful and convincing. Reverend Shimp will close his engagement here Friday night, but the meetings will continue indefinitely. Rev. Isaac Naylor begins Sunday morning.

### STAMM DON'T WANT IT.

Council Has No Chances For a Well Known Potter.

John Stamm, who has been frequently mentioned as a candidate for council from the Fourth ward, announces that he has no aspirations in that line and does not care to be numbered among the city's fathers. He informed the

News Review that he would not in any circumstance be a candidate.

There are other citizens, prominently connected with the city and its interests who have no desire to go to council. The gentlemen all unite that the position is by no means a bed of roses, and they can see no reason why they should take on a lot of trouble when nothing but a questionable glory is to be gained.

### NEWS FROM YOUNGSTOWN.

But Those Who Know Will Not Say a Word.

When about to give up all hope of ever again hearing from the Alcania Tin company, Secretary Travis of the board of trade, received a letter, but that letter is very carefully guarded and its contents are not given out. He refuses to say anything about it, other than to acknowledge that the letter came.

It is known that another industry will send a representative here to look over the sites at the disposal of the board, but who the company are, where they come from, or what they make the secretary will not talk about. Nothing is being said, but it is intimated that some quiet work is being done without the knowledge of the public.

### MATTIE PLEADED.

But Mayor Gilbert Insisted on the Fine.

Mattie Eoff, who was arrested with three male companions Tuesday night, was arraigned last evening. The mayor fined her \$7.60. Mattie plead with his honor to be lenient. She claimed she was the victim of numerous adverse circumstances. Mattie yet lingers behind the bars.

The lad Friemarek paid his fine and is out. George Stewart was assessed \$5.60 last evening for being drunk. He is still in jail.

Charles Crawford, the umbrella man, finished working out his fine at noon. He said he was going to leave town at once, and that he wanted no mention made in the newspapers of his departure.

### A VALENTINE.

This Young Man Had Some Peculiar Ideas.

EDITOR NEWS REVIEW—Some young man who resides on Seventh street went to the Christian church, last Sunday, and partook of the sacrament, he being no member of the church. When asked why he did it he could give no reason other than he wanted to taste the wine. He said it was nothing but grape juice. As it was St. Valentine day, he thought he would make a valentine of himself, and he did. Such a man is only worthy of condemnation.

### ONE WHO WAS THERE.

### RALLY AT THE HOME.

The Ladies Will Serve Lunch on Monday Night.

The ladies of the Woman's Christian Temperance union will serve a palatable lunch at the Young Woman's home, Market street, on Monday night, Feb. 22, and will also present a charming program after the lunch has been disposed of, in honor of Washington's birthday, with the added feature of impressing all present with the necessity of advancing the interests of good citizenship. You have an invitation to participate.

### POOR PAVEMENTS.

A Citizen Thinks the City Is Too Big to Have Them.

"The condition of the pavements in this city are a sight to behold," remarked a prominent business man this morning to a reporter. "Why don't council turn their attention to them? On some streets in many places pedestrians have to pick their way along to keep from getting covered with mud, as the bricks work up and down like a see-saw. The city is too large to permit pavements of this kind, and they should be repaired."

### COLONEL DUFF IS COMING.

Mr. Olenhauser Will Not Allow That Matter to Drop.

Mr. Olenhauser, whose house in Jethro hollow was visited by the revenue authorities on the information of an amateur detective or two, has not abandoned his determination to investigate. His brother-in-law, Colonel Duff, will be here from Pittsburgh within the next few days, and a course will be decided upon. Mr. Olenhauser believes he can make the meddling parties suffer for their fun.

### MORE LIGHT.

People Who Travel the Calcutta Road Are Happy.

A new light pole has been placed at the bend of the Calcutta road, opposite Gaston hill, and residents at last believe that darkness at that point will soon be a thing of the past. Two years ago council was petitioned to order a light placed there. It was done, but the matter was left untouched until now.

### IF YOU WANT AN OFFICE

You Must Notify the Committee Before March 12.

### ONE VOTING PLACE IN A WARD

Except in the First Where There Will Be Two—Arrangements Also Made For the County Primaries—A Largely Attended Meeting of the Committee.

If you are a patriot consumed with a desire to serve your country as councilman or assessor you must file your application and place your money in the hands of the chairman or secretary of the Republican central committee before 8 o'clock of the evening of March 12.

A well attended meeting of the committee was held at city hall last night. It was decided, as referred to in the NEWS REVIEW of last Monday, to hold the primaries the afternoon of March 20, between the hours of 1 and 5 o'clock, legal time. There will be two voting places in the First ward, but each of the others will only be favored with one. The books will close at 8 o'clock March 12, and all names not then in will not be considered by the voters. James Ford, of the Third, and Robert VanFossen and John Anderson, of the Second, have already been listed as candidates for assessor.

It was agreed that one voting place should be established in each precinct for the county primaries March 13. East End will have one, and the others are at the office of Robert Hall and in the Morris building on Walnut street. City hall and the Union Planning mill will do duty for the Second, and the Adams building in Fourth street and the room lately occupied by the McKeever restaurant in Sixth street will do duty for the Third. J. D. West's office and Cannon's store in West End are the places where the voters in the Fourth will deposit their ballots. Judges and clerks will be chosen from the central committee, and will not be paid. Candidates will be allowed inspectors. The committee adjourned until March 12.

### ENDORSED J. H. BROOKES.

Trades Council Complimented the Next Prosecutor.

Trades council met in regular session last evening, but transacted little business. In the absence of the vice president and secretary William Ruhe and J. W. Cain filled their places. A resolution introduced by Samuel Eardley, endorsing J. H. Brookes for the nomination and election to the office of prosecuting attorney, was adopted unanimously. The report of the trustees was received and ordered filed. The members of the council were then instructed to vote next fall to have the state constitution changed, and the meeting adjourned.

### FROM MORMONLAND.

A Crockery Buyer Is Here Looking After Business.

J. W. Saville, a crockery buyer of Salt Lake City, was in town today buying ware. From here he goes to New York, but will not stop in Trenton. The gentleman said there were a number of stoneware potteries in Utah, but they were widely scattered. Clay is found in many parts of the state, and it has been said that a fair grade of white ware can be made from it. Mr. Saville acknowledged that the Mormons were a power in the state, and rapidly growing more powerful. They have 12,000 missionaries at work in the country. He likes them as a class, and merchants prefer to deal with them because they are prompt in paying their bills.

### ROBBED A COOPER SHOP.

How the East End Burglars Got Their Tools.

It is now known that the burglars who robbed the Chambers store in East End, committed burglary before their star performance. Going to the cooper shop of McCain Bros. they broke open a chest, and took from it the brace, bits and chisel found the morning after the robbery.

Orlando Ralston saw five men walk down the track a few minutes after the midnight train had passed. They were a rough looking lot, and were coming from East End.

### REPAIRING THE ROAD.

Workmen Are Endeavoring to Prevent a Slip.

The hill above Walker still manifests a desire to slip, and workmen were employed yesterday in breaking a number of big boulders so that they could do less damage if they once started down the hill. A number of heavy timbers were also chopped into convenient lengths. There was a slip at Lyth's switch during the night, and a force was this morning

endeavoring to prevent a further fall. The hill is in a dangerous condition, and tons of earth may come down at any time.

### CLEANED EARLIER THAN USUAL.

Alleys Are in a Deplorable Condition.

Sanitary Policeman Burgess is authority for the statement that the alleys are in a filthy condition. It is customary to order them cleaned about March 15, but this year the edict will be issued earlier if the weather permits, as it will take a longer time than usual to clean them. The officer says he will do police duty if the marshal will stop the throwing of paper in the streets.

### MADE A SPEECH.

Hon. R. W. Taylor Was a Speaker at a Notable Banquet.

WASHINGTON, Feb. 18.—[Special.]—General Grosvenor and Representative Taylor, of Ohio, were two of the speakers at the banquet given last evening at the Ebbitt House to General Thaddeus S. Clarkson, of Omaha, Neb., commander-in-chief of the Grand Army of the Republic, by the Grand Army of the District of Columbia.

### EAST END'S PETITION.

It Protests Against the Granting of Long Franchises.

A petition is being circulated in East End against the granting of a 25-year franchise to the Chester and East Liverpool railway. The petition was signed by a number of business men and other residents of East End. It will probably be presented to council next Tuesday night.

### THEY MAY BUILD.

Johnstown People Looking After a Factory Site.

A. W. Lyda, of Johnstown, Pa., is in town organizing a company for the manufacture of a patent step ladder. The company will employ 50 hands if it decides to build here. Mr. Lyda believes the project will be successful.

### The Horses Pulled.

This morning a team with a heavy load of coal stalled in the Franklin street mud. The driver cursed and thrashed his team to no effect, and finally climbed down from the wagon and said: "You'll pull this load up the hill or I'll thrash the devil out of you." Strange to say the horses started with the load, and never stopped until the top was reached.

### A Bicycle Club.

Unless indications fail the city will have a first-class bicycle club as soon as the season opens. An effort will be made to procure at least 50 members, each of whom will be charged an initiation fee of \$1 for first expenses. The club will settle the amount of dues.

### Broke the Harness.

As Nichols Snyder, a teamster of the East End pipe works, was driving across the run in that part of the city, one horse slipped and fell over a bank. The other animal rolled over it. The horses were uninjured, but the harness was broken.

### Cutting Rates.

Capt. Ellwood Pusey has reduced the rate for ferrying a single team across the river from 50 cents to 40 cents. The fare for single passengers has not been reduced. It is not known whether a corresponding cut will be made by the bridge company.

### Dirty Streets.

The streets contained more waste paper today than has been seen for some time, and a city official wondered, as he gazed with a saddened countenance, how the streets were ever to be kept clean as long as they were made the city's waste basket.

### Not Borrowing Trouble.

A local paper last evening said Justice J. N. Rose would be a candidate for reelection. The truth of the matter is the squire still has another year to serve, and he is not thinking anything about the next term.

### Suddenly Ill.

Robert Webb was overcome by heat at the Grand last night. He started for the door, but as he reached the head of the stairway fainted. He was carried into a drug store where he soon recovered.

### An Accident.

A breakdown occurred this morning at the Williams well on the Lones farm, and unless the damage can be repaired in the city the work will be delayed for a few days. The prospects are good.

### The Lamps Are Here.

The new lamps for the light company arrived today, and were stored at the plant. The poles have all been planted.

### SENT TWO TO COURT

Mrs. Doak's After Her Recreant Husband.

### HE WAS ARRESTED IN MCKEESPORT

Charged With Living For a Year in the Same House With a Woman in Dravosburg—The Wife Wanted Her Child. A Spicy Hearing.

According to the evidence brought out in a squire's court in McKeesport, Mrs. Doak, of this place, is very anxious to have her husband punished for what she believes is a great wrong. The McKeesport Herald tells this story of the affair:

"The suit of Mrs. Mary Doak, of East Liverpool, O., against Leonard Doak and Mrs. Alice Powell, charging them with adultery, was heard before Alderman Trich last night. It occupied the attention of the court for about two hours. The plaintiff was represented by Hon. Thomas Tilbrook, while the other side was looked after by Attorney Simpson. The evidence brought out showed that Doak and Mrs. Powell were living in the same house at Dravosburg for over a year. They also had possession of a 12-year-old daughter of Mr. and Mrs. Doak.

"The little girl testified that she called Mrs. Powell 'mamma,' and that Mrs. Powell had told her she could either call her 'mamma,' Aunt Alice or Mrs. Powell. Witnesses said that Mrs. Powell and told them that the little girl called her 'mamma' because it looked better than to call her something else. One witness said she had seen the defendants going along the avenue with their arms linked together. Neither of the defendants were placed on the stand. The alderman held the defendants for court in the sum of \$300, and it was furnished."

### KINNEY IS FREE.

He Gave Bond and Judge Smith Released Him.

Lisbon, Feb. 19.—[Special.]—John Moff, of Salem, convicted of selling liquor to an habitual, was last evening sentenced by Judge Smith to pay \$35 and costs and five days in jail.

H. B. Kinney, of East Liverpool, gave bond before the court last night for his appearance to answer to the charge of a delicate nature preferred against him by Ada L. Everson, and obtained his freedom. Kinney has been in jail five weeks.

Judge Boone and Sheriff Gill left this morning for Pittsburgh for the purpose of taking Doctor Laughlin to Newburg.

Marriage licenses were issued today as follows: A. Abbott and Elizabeth Snyder, Salem; George E. Fouts and Gertrude E. Bates, Charles W. Hendricks and Frances E. Groner.

### STREET RAILWAY ACCIDENTS.

They Delayed Traffic on the Line Last Night.

Three accidents delayed traffic on the street car line for nearly an hour before 6 o'clock last evening. The wires were down at Riley's orchard, a short distance east of the power house, and passengers were compelled to walk several hundred yards. While the break was being repaired a car started to return to the power house, but the trolley became disabled and the journey to the barn was made with difficulty. About the same time a car was disabled at the Sixth street switch.

### SOCIETY SOCIALS.

The Masons Will Entertain and the Heptasophs Will Banquet.

The entertainment committee of the Masons have issued invitations calling upon all members of the order to attend an informal social to be given by Riddle lodge next Tuesday evening.

Mr. Gilliland, of the supreme executive committee of the Heptasophs, will install the officers of the local branch tonight. A banquet will be served.

### SEBRING-HARRIS.

The Ceremony Was Performed in East Palestine.

Mr. George Sebring and Miss Cora Harris were married Tuesday afternoon in East Palestine by Rev. J. H. Norris, of Pittsburgh, assisted by Rev. A. W. Butts. The happy couple left for Florida, where they will spend two weeks, returning in time to attend the inauguration of President McKinley. They will reside in East Palestine.

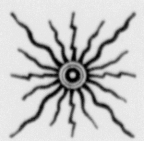

### Going to Springfield.

Doctor Lee, A. H. Bulger, Joseph Carey, F. H. Croxall and George Matheny will leave next Friday to attend the state convention of the Young Men's Christian association to be held at Springfield.

#### EAST END'S PETITION.

It Protests Against the Granting of Long Franchises.

A petition is being circulated in East End against the granting of a 25-year franchise to the Chester and East Liverpool railway. The petition was signed by a number of business men and other residents of East End. It will probably be presented to council next Tuesday night.

#### THEY MAY BUILD.

Johnstown People Looking After a Factory Site.

A. W. Lyda, of Johnstown, Pa., is in town organizing a company for the manufacture of a patent step ladder. The company will employ 50 hands if it decides to build here. Mr. Lyda believes the project will be successful.

#### The Horses Pulled.

This morning a team with a heavy load of coal stalled in the Franklin street mud. The driver cursed and thrashed his team to no effect, and finally climbed down from the wagon and said: "You'll pull this load up the hill or I'll thrash the devil out of you." Strange to say the horses started with the load, and never stopped until the top was reached.

#### A Bicycle Club.

Unless indications fail the city will have a first-class bicycle club as soon as the season opens. An effort will be made to procure at least 50 members, each of whom will be charged an initiation fee of \$1 for first expenses. The club will settle the amount of dues.

#### Broke the Harness.

As Nichols Snyder, a teamster of the East End pipe works, was driving across the run in that part of the city, one horse slipped and fell over a bank. The other animal rolled over it. The horses were uninjured, but the harness was broken.

#### Cutting Rates.

Capt. Ellwood Posey has reduced the rate for ferrying a single team across the river from 50 cents to 40 cents. The fare for single passengers has not been reduced. It is not known whether a corresponding cut will be made by the bridge company.

#### Dirty Streets.

The streets contained more waste paper today than has been seen for some time, and a city official wondered, as he gazed with a saddened countenance, how the streets were ever to be kept clean as long as they were made the city's waste basket.

#### Not Borrowing Trouble.

A local paper last evening said Justice J. N. Rose would be a candidate for reelection. The truth of the matter is the squire still has another year to serve, and he is not thinking anything about the next term.

#### Suddenly Ill.

Robert Webb was overcome by heat at the Grand last night. He started for the door, but as he reached the head of the stairway fainted. He was carried into a drug store where he soon recovered.

#### An Accident.

A breakdown occurred this morning at the Williams well on the Lones farm, and unless the damage can be repaired in the city the work will be delayed for a few days. The prospects are good.

#### The Lamps Are Here.

The new lamps for the light company arrived today, and were stored at the plant. The poles have all been planted,

#### SENT TWO TO COURT

Mrs. Doak's After Her Recreant Husband.

#### HE WAS ARRESTED IN M'KEESPORT

Charged With Living For a Year in the Same House With a Woman in Dravosburg—The Wife Wanted Her Child. A Spicy Hearing.

According to the evidence brought out in a squire's court in McKeesport, Mrs. Doak, of this place, is very anxious to have her husband punished for what she believes is a great wrong. The McKeesport Herald tells this story of the affair:

"The suit of Mrs. Mary Doak, of East Liverpool, O., against Leonard Doak and Mrs. Alice Powell, charging them with adultery, was heard before Alderman Trich last night. It occupied the attention of the court for about two hours. The plaintiff was represented by Hon. Thomas Tilbrook, while the other side was looked after by Attorney Simpson. The evidence brought out showed that Doak and Mrs. Powell were living in the same house at Dravosburg for over a year. They also had possession of a 12-year-old daughter of Mr. and Mrs. Doak.

"The little girl testified that she called Mrs. Powell 'mamma,' and that Mrs. Powell had told her she could either call her 'mamma,' Aunt Alice or Mrs. Powell. Witnesses said that Mrs. Powell had told them that the little girl called her 'mamma' because it looked better than to call her something else. One witness said she had seen the defendants going along the avenue with their arms linked together. Neither of the defendants were placed on the stand. The alderman held the defendants for court in the sum of \$300, and it was furnished."

#### KINNEY IS FREE.

He Gave Bond and Judge Smith Released Him.

Lisbon, Feb. 19.—[Special.]—John Moff, of Salem, convicted of selling liquor to an habitual, was last evening sentenced by Judge Smith to pay \$35 and costs and five days in jail.

H. B. Kinney, of East Liverpool, gave bond before the court last night for his appearance to answer to the charge of a delicate nature preferred against him by Ada L. Everson, and obtained his freedom. Kinney has been in jail five weeks.

Judge Boone and Sheriff Gill left this morning for Pittsburgh for the purpose of taking Doctor Laughlin to Newburg.

Marriage licenses were issued today as follows: A. Abbott and Elizabeth Snyder, Salem; George E. Founts and Gertrude E. Bates, Charles W. Hendricks and Frances E. Groner.

#### STREET RAILWAY ACCIDENTS.

They Delayed Traffic on the Line Last Night.

Three accidents delayed traffic on the street car line for nearly an hour before 6 o'clock last evening. The wires were down at Riley's orchard, a short distance east of the power house, and passengers were compelled to walk several hundred yards. While the break was being repaired a car started to return to the power house, but the trolley became disabled and the journey to the barn was made with difficulty. About the same time a car was disabled at the Sixth street switch.

#### SOCIETY SOCIALS.

The Masons Will Entertain and the Heptasophs Will Banquet.

The entertainment committee of the Masons have issued invitations calling upon all members of the order to attend an informal social to be given by Riddle lodge next Tuesday evening.

Mr. Gilliland, of the supreme executive committee of the Heptasophs, will install the officers of the local branch tonight. A banquet will be served.

#### SEBRING-HARRIS.

The Ceremony Was Performed in East Palestine.

Mr. George Sebring and Miss Cora Harris were married Tuesday afternoon in East Palestine by Rev. J. H. Norris, of Pittsburgh, assisted by Rev. A. W. Butts. The happy couple left for Florida, where they will spend two weeks, returning in time to attend the inauguration of President McKinley. They will reside in East Palestine.

#### Going to Springfield.

Doctor Lee, A. H. Bulger, Joseph Carey, F. H. Crossall and George Matheny will leave next Friday to attend the state convention of the Young Men's Christian association to be held at Springfield.

EAST LIVERPOOL, O., THURSDAY, FEB. 18.

It cost the counties of Ohio \$864,376 to keep its paupers last year, a portion of which can be credited in the big book to Mr. Cleveland's tariff policy.

CONGRESS is preparing to spend a lot of money, but a lot of money is needed to keep this country going. It is bigger than it was at the close of the last century.

CANDIDATES for recognition at the next Republican convention are already making themselves known, and from present appearances the state will have a good list from which to select.

THE latest developments in the senatorship contest is found in the fact that some Democratic papers, who had a great deal to say a few days ago, have remembered they have troubles of their own, and are saying nothing.

DEMOCRATIC opposition to anything resembling a protective tariff does not amount to much these days. That remnant of the party which can forget silver long enough to talk tariff is like the fringe on a dishrag, not very much and anything but strong.

BUSINESS grows better every day. More men are employed than during the same time last year, and bank deposits show a healthy increase. Prosperity is coming, and coming with much more rapidity than the country has had any reason to expect.

It is safe to say that the new tariff will be satisfactory. It is being prepared with all the care that intelligence and experience can command, and will show a breadth of knowledge such as will fit it to stand for many years as the foundation of the nation's income.

It is not without a tinge of regret that the manufacturers of Europe see the stately Mr. Cleveland prepare to leave his office life. To them he has been a friend, who stood out for their interests in the face of an opposition which would have crushed a man less obstinate.

NO MATTER what will be the result of the Greek invasion of Crete, the sentiment in this country will be against Turkey. The barbarous practices in Armenia and the none less cruel outrages in Crete have made the unspicable a thing to be abhorred in free America.

"WE'RE living at the end of the nineteenth century, and too busy to write sentiments about men who have been dead a hundred years," said Governor Pingree when asked for a sentiment on Washington. A few more utterances like this and Pingree will lose some of his boasted popularity.

## THE INSANITY DODGE.

The insanity dodge is being worn threadbare by counsel for murderers and high-toned thieves. Better work a few of them off on "drip noose," and sentence the lesser criminals for life, and see that the full term is served, and the dodge will lose its fascinations for attorneys and criminals alike.

## A GOOD MOVE.

The action of the League of American Wheelmen in refusing to sanction Sunday racing will not do that organization any harm. On the contrary it will bring under its banner an army of young men who have only waited a positive declaration on this point before identifying themselves with the league. Sunday racing is degrading in the extreme, and can only result in spreading an influence which would not only injure the league, but would rent it assunder. The amateur wheelman is not a professional sport, nor will he countenance practices that have put the turf in disrepute and have done much to the injury of horse racing. The future prosperity of the great association of bicyclists depended on its position on the Sunday question, and now

that it is definitely settled the league has the support and endorsement of all who admire legitimate sport.

## POPULISTS HOLD THE W.P.

Making It Unpleasant For Republicans In Kansas Legislature.

TOPEKA, Feb. 18.—The exciting times experienced in the house in 1893 when the Populist minority resisted the rule of the Republican majority has been paralleled at the session of this body, when the Populists derided the Republicans rough shod.

At the opening session Trueblood's resolution to appoint a committee to revise the calendar was brought up for action. Speaker Pro Tem Welles, gave the Republicans notice at the start that the majority would break no objection from the Populists. He would rule, he said, that the calendar could be revised by the vote of a bare majority. The Republicans protested.

Welles threatened them with the sergeant-at-arms, but without avail, and then signally called up the first bill on the calendar, amid increasing excitement, during which representatives mounted chairs and wildly gesticulated in an effort to gain a hearing, the clerk went through the formality of calling the roll for the passage of the bill. Welles sat unmoved and the clerk, having finished the call, declared the bill passed.

So great was the hubbub no one even knew the name of the bill. Unmoved the speaker pro tem. ordered the reading of a second bill. At this some of the Populists added a protest to that of the Republicans, and cries of "constitution," "revolutionary" were heard. All claims of recognition went unheeded until the second bill was announced passed. Further confusion was averted finally by a motion to take a recess, which carried.

## MAY BLOCKADE PIRAEUS.

Europe Threatens to Curb Greece's Warlike Spirit.

BERLIN, Feb. 18.—A dispatch to the Cologne Gazette from Vienna says that most of the powers have acceded to Germany's proposal to blockade Piraeus, the port of Athens, in order to curb the warlike impulses of Greece.

ATHENS, Feb. 18.—The battery of field artillery commanded by Prince Nicholas of Greece has started for Larissa, 20 miles from the gulf of Salonika, on the Turkish frontier.

The naval and military reserves are still being enrolled. The Greek ironclad Spezia, which arrived here from Toulon, will be prepared for active service with all possible haste.

Reinforcements are being sent to the Greek troops on the island of Crete. Stores, provisions and munitions of war accompany them.

The Greek government maintains that it is acting in the interests of the peace of Europe.

## INCANDESCENT LIGHT COMBINE.

Some Ohio Firms Members of the New Organization.

ST. LOUIS, Feb. 18.—One of the most powerful combines ever organized in the United States has just been entered into between probably a dozen of the largest manufacturers of incandescent electric lamps. The combine seeks to regulate the price of incandescent lamps all over the country.

J. H. Rhotenhamel, president of the Columbia Incandescent Lamp company of this city, is said to have been the originator of the idea. Besides the Columbia company, the combine includes the Westinghouse Electric company of Pittsburgh, the Edison General Electric company of New York and companies at Warren, O., Cleveland, Springfield, Mass., Chicago and one or two other places.

## National Editorial Association.

GALVESTON, Feb. 18.—At the session of the National Editorial association the president's address was read. It was followed by papers on "Rural Free Mail Delivery and the Postal Laws as Related to Newspapers" by Matt Parrott of Waterloo, Ia.; on "Newspaper Legislation" by William Berri of the Brooklyn Standard Union and on "Electricity in the Pressroom."

## Mrs. Gougar Will Argue.

LAFAYETTE, Ind., Feb. 18.—Mrs. Helen M. Gougar, president of the Indiana Woman's Suffrage association and a member of the bar, will make the oral argument in the supreme court at Indianapolis tomorrow in the celebrated test vote case, in which it is held that under the present law of the state women are entitled to suffrage.

## Rotoff Forfeits His Bail.

BALTIMORE, Feb. 18.—General Carlos Rotoff of the Cuban junta in New York failed to appear and plead to an indictment in the United States circuit court here charging him with fitting out a filibustering expedition to Cuba. His bond for \$2,500 was declared forfeited and he is now liable to arrest wherever found.

## COX IS FOR HANNA.

A Foraker Lieutenant Declares For the Chairman.

## LIKELY TO SUCCEED SHERMAN.

This Indicates That There Is No Division Among Ohio Republicans on This Point—Cleveland Men Make a Move In Hanna's Behalf.

CINCINNATI, Feb. 18.—Considerable stir in political circles was caused here by the public declaration of George B. Cox in favor of the appointment of Chairman Hanna as Sherman's successor in the senate. There has been much published about factional differences between old partisans of McKinley and Sherman on the one hand and those of Bushnell and Foraker on the other hand. The latter were said to oppose the appointment of Hanna.

As Mr. Cox is generally considered as one of the most prominent leaders of the Bushnell-Foraker element, the positive statement of Mr. Cox is regarded as reflecting an agreement among Republican leaders in Ohio on Chairman Hanna for the senate. Mr. Cox said he regretted that Senator Sherman had not made his resignation take effect at once instead of March 5, so that the appointment could have been made at once and no opportunity been given for the publications about alleged factional fighting in McKinley's state.

Mr. Cox insists that he has not deserted either Governor Bushnell nor Senator Foraker, but that he is as good a friend to them as ever, although he is now emphatically for Hanna and harmony. He says Ohio has not had two Republicans in the senate at the same time for 25 years, but that the state will soon have the president, premier and two senators.

CLEVELAND, Feb. 18.—At a meeting of 25 or 30 influential Republicans last evening a movement having in view the sending of Chairman Hanna to the United States senate was started. Mr. Hanna knew nothing of the meeting, but those who were present expressed their determination to push the movement vigorously.

## WILL NOT JOIN THE CABINET.

Chairman Hanna Again Makes an Emphatic Denial.

CLEVELAND, Feb. 18.—In view of Mr. Hanna's visit to Canton a great deal of comment has been indulged in as to the possibility of his entering McKinley's cabinet, in spite of the senatorial plans made for the national chairman. Your representative called his attention to this fact and asked if there was any foundation for the talk. "Immediately after the election," said Mr. Hanna emphatically and in some annoyance, "I said I would not be a member of the cabinet. I know of no reason why I should change that statement, as I have not changed my mind on the subject."

Questioned regarding his conference with McKinley, he said it was of a nature which he could not publicly discuss. He expressed the belief that Mr. McKinley will not visit Cleveland before the inauguration.

## Will Make Cotton Ties.

YOUNGSTOWN, O., Feb. 18.—It is announced that the Union Iron and Steel company here will resume the manufacture of cotton ties at once and has orders enough to keep the cotton tie mill going for several months. No cotton ties have been made at this mill during the year. The same company's eight-inch mill has resumed after an idleness of several months.

## Damage Suit Compromised.

YOUNGSTOWN, O., Feb. 18.—The suit of Frieze vs. the Baltimore and Ohio Railroad company, to have been tried, has been compromised by the company paying \$1,000 in cash and the costs. Frieze was an engineer on the Baltimore and Ohio and about a year ago he and his engine went down with a weak bridge near Wheeling.

## Indicted on a Murder Charge.

LONDON, O., Feb. 18.—The grand jury has reported returning an indictment against James Wesley Eilers, charging murder in second degree. Eilers is accused of stabbing Thomas Adams at Lilly chapel election night.

## ALLEN'S RESOLUTION AGREED TO.

He Attacks the Discharge of Government Employees at South Omaha.

WASHINGTON, Feb. 18.—The senate has agreed to Mr. Allen's resolution calling on the civil service commission for full information as to the South Omaha discharges.

The senator declared that in the case of two ladies who were discharged their offense was that of having Mr. Bryan's picture in their window. There were six other ladies, Mr. Allen said, who had McKinley pictures in their windows, but they were not disturbed. The ladies who displayed the Bryan pictures did it in honor of a citizen of their own state, and yet Mr. Allen said, this administration had brought about their discharges. The senator cited other cases of men who had been dismissed, he alleged, because they had spoken for Bryan. Mr. Allen declared that from this it appeared that the civil service law was a fraud and a delusion, and that the civil service commission was using it for most unworthy purposes.

## TO PREVENT BLACKLISTING.

A Bill Will Be Reported Favorably In the House.

WASHINGTON, Feb. 18.—The house committee on labor has authorized a favorable report on a bill introduced by Representative Larimer of Illinois to prevent conspiracies to blacklist.

It provides that a combination to prevent the employment of any person on a transportation line because of participation in any strike or labor trouble, or membership in any lawful labor union or organization, shall be an unlawful conspiracy and punished as such unless illegal acts were committed in connection with the strike or labor trouble. Any person injured by such conspiracy may sue for damages sustained, and in cases where malice is shown, full exemplary damages may be recovered.

## CONGRESS OF MOTHERS.

Mrs. Cleveland Received the Delegates at the White House.

WASHINGTON, Feb. 18.—The first national congress of mothers is in session here in the banquet hall of the Arlington hotel. Mrs. Hearst, wife of the late Senator Hearst, one of the vice presidents, called the meeting to order and introduced the president, Mrs. Theodore W. Birney of Washington, who delivered the address of welcome. Mrs. Cleveland received the delegates at the white house.

## Page Re-Elected President.

WASHINGTON, Feb. 18.—Officers for the ensuing year were elected as follows by the Farmers' Alliance supreme council: President, Mann Page of Virginia; vice president, C. WASHINGTON, Feb. 18.—Hon. Lyman J. Gage, next secretary of the treasury, and Mrs. Gage, are at Virginia Hot Springs.

## MCKINLEY TOOK A DRIVE.

Officeholders Still Kept From Seeing the President-Elect.

CANTON, O., Feb. 18.—Major McKinley took a half hour's drive yesterday afternoon. Mrs. McKinley accompanying him. The sun was shining brightly, the air was mild and it was an ideal day to be out of doors. The major enjoyed the drive greatly and experienced no ill effects. In fact he seems to be much exhilarated by the little outing. It is still necessary for him to avoid exertion and to take the best of care of himself, but he is making a most satisfactory recovery from his illness.

Dr. Phillips, the attending physician, will not consent that his patient shall take up any of his former routine this week, say any visitors or make the proposed trip to Cleveland before the latter part of the week.

## Gary to Be In the Cabinet.

LYNN, Mass., Feb. 18.—A personal friend of President-elect McKinley, who resides at Washington and who is staying in this city for a few days, stated that it is positively decided that Hon. James A. Gary of Elliott City, Mo., will be the southern member of Mr. McKinley's cabinet as postmaster general.

## IMMIGRATION BILL HAS FINALLY PASSED CONGRESS.

By a Very Narrow Majority—How Each Senator Voted—Some Provisions of the Bill—Washington Events.

## NOW IN CLEVELAND'S HANDS.

WASHINGTON, Feb. 18.—The immigration bill now goes to the president the last legislative step having been taken in the senate by an agreement to the conference report on the bill. Strong opposition was made to the report, but on the final vote the friends of the measure rallied a small majority, the vote being: Yeas, 34; nays, 31.

The bill as passed extends the immigration restrictions against "all persons physically capable and over 16 years of age who cannot read and write the English language or some other language; but a person not so able to read and write who is over 20 years of age and is the parent or grandparent of a qualified immigrant over 21 years of age and capable of supporting such parent or grandparent may accompany such immigrant, or such a parent or grandparent may be sent for and come to join the family of a child or grandchild over 21 years of age, similarly qualified and capable, and a wife or minor child not so able to read and write may accompany or be sent for and come to join the husband or parent similarly qualified and capable." For the purpose of testing the immigrant's illiteracy, he is compelled to read and write from 20 to 25 words of the United States constitution. Aside from these extensions of the present law, the bill inaugurates a new system of restricting immigration from border countries and designed to apply principally to immigration from Canada. The provisions are as follows:

Sec. 4. That it shall be unlawful for any person partnership company or corporation knowingly to employ any alien coming into the United States in violation of the next preceding section of this act. Provided, that the provisions of this act shall not apply to the employment of vessels, or railroad trainmen, firemen or conductors, engineers, brakemen, fishermen or bagmen, whose duties require them to pass over the frontier to reach the terminal of their runs, or to boatmen or guides on the lakes and rivers on the northern border of the United States.

A violation of these sections is made a misdemeanor punishable by fine up to \$500 or imprisonment up to one year, or both.

A special provision excepts from the operation of the law persons arriving from Cuba during the continuance of the present disorder there. The law is to take effect July 1 next.

## THE VOTE WAS AS FOLLOWS:

Yeas—Republicans—Aldrich, Allison, Baker, Brown, Burrows, Cullom, Chandler, Davis, Eilers, Frye, Gallinger, Goad, Hoar, Lodge, McBride, Morrill, Nelson, Perkins, Platt, Pritchard, Proctor, Quay, Sewall, Sherman, Thurston, Wetmore—35.

Democrats—Gibson, Faulkner, Hill, Martin—4.

Populists—Butler, Peffer, Pettigrew—3.

Silver Republicans—Teller—1. Total, 34.

Nays—Republicans—Carter, Hansbrough, Hawley, Shoup—4.

Democrats—Bacon, Bate, Berry, Blanchard, Caffery, Call, Cockrell, Gibson, Gorman, Gray, Lindsay, Mills, Mitchell, (W.) Morgan, Murphy, Palmer, Pasco, Pugh, Roach, Tillman, Turpie, Vest, Vilas, Voorhees, White—25.

Populists—Stewart—1.

Silver Republicans—Mantle—1. Total, 31.

## REPUBLICANS OPPOSE IT.

Some of Them Don't Want Bimetallite Conference Bill Passed.

WASHINGTON, Feb. 18.—The international monetary conference bill, which was passed by the senate, has developed into a more important issue than was expected. When the house committee on coinage took charge of the bill there was thought to be no doubt that it would be reported favorably, but the opposition to the bill has been growing steadily until it seems probable that if reported the action will be taken against the wishes of a majority of the Republican members of the committee. All of the Republicans who have spoken on the measure before the committee have argued that it would be an embarrassment to the incoming administration.

On the other hand some Republicans say that Senator Carter of Montana, who recently had an interview with the president-elect, quotes Mr. McKinley as expressing a desire that the bill should pass. The Republican members of the committee have held a conference on the matter, which left their policy undecided. Further hearing on the bill has been postponed until Friday and it is now doubtful whether a vote on reporting it will be taken Saturday as the committee had intended. In the meantime many communications protesting against any further steps toward an international conference on the ground that one would tend to disturb business are being received from business men in the east.

EAST LIVERPOOL, O., THURSDAY, FEB. 18.

It cost the counties of Ohio \$864,376 to

keep its paupers last year, a portion of

which can be credited in the big book to

Mr. Cleveland's tariff policy.

CONGRESS is preparing to spend a lot

of money, but a lot of money is needed

to keep this country going. It is bigger

than it was at the close of the last century.

CANDIDATES for recognition at the next

Republican convention are already making

themselves known, and from present

appearances the state will have a good

list from which to select.

THE latest developments in the senatorship

contest is found in the fact that some

Democratic papers, who had a great

deal to say a few days ago, have

remembered they have troubles of their

own, and are saying nothing.

DEMOCRATIC opposition to anything

resembling a protective tariff does not

amount to much these days. That remnant

of the party which can forget silver

long enough to talk tariff is like the

fringe on a dishrag, not very much and

anything but strong.

BUSINESS grows better every day.

More men are employed than during

the same time last year, and bank

deposits show a healthy increase. Prosperity

is coming, and coming with much

more rapidity than the country has had

any reason to expect.

It is safe to say that the new tariff

will be satisfactory. It is being prepared

with all the care that intelligence and

experience can command, and will show

a breadth of knowledge such as will fit

it to stand for many years as the foundation

of the nation's income.

It is not without a tinge of regret

that the manufacturers of Europe see the

state of Mr. Cleveland prepare to leave

his office life. To them he has been a

friend, who stood out for their interests

in the face of an opposition which would

have crushed a man less obstinate.

NO MATTER what will be the result of

the Greek invasion of Crete, the sentiment

in this country will be against

Turkey. The barbarous practices in

Armenia and the none less cruel outrages

in Crete have made the unpeppable

thing to be abhorred in free

America.

"WE'RE living at the end of the

nineteenth century, and too busy to

write sentiments about men who have

been dead a hundred years," said

Governor Pingree when asked for a

sentiment on Washington. A few more

utterances like this and Pingree will lose

some of his boasted popularity.

THE INSANITY DODGE.

The insanity dodge is being worn

threadbare by counsel for murderers

and high-toned thieves. Better work

a few of them off on "drog noose," and

sentence the lesser criminals for life, and

see that the full term is served, and the

dodge will lose its fascinations for attorneys

and criminals alike.

A GOOD MOVE.

The action of the League of American

Wheelmen in refusing to sanction Sunday

racing will not do that organization

that it is definitely settled the league

has the support and endorsement of all

who admire legitimate sport.

POPULISTS HOLD THE W.P.R.

Making It Unpleasant For Republicans

In Kansas Legislature.

TOPEKA, Feb. 18.—The exciting times

experienced in the house in 1893 when

the Populist minority resisted the rule

of the Republican majority has been

paralleled at the session of that body,

when the Populists made the Republicans

rough shod.

At the opening session Trueblood's

resolution to appoint a committee to

revise the calendar was brought up for

action. Speaker Pro Tem Welpe, gave

the Republicans notice at the start that

the majority would brook no obstruction

from the Populists. He would

rule, he said, that the calendar could

be revised by the vote of a bare majority.

The Populists protested.

Welpe threatened them with the

sergeant-at-arms, but without avail,

and then signally called up the first bill

on the calendar, amid increasing excitement,

during which representatives

mounted chairs and wildly gesticulated

in an effort to gain a hearing, the clerk

went through the formality of calling

the roll for the passage of the bill.

Welpe sat unmoved and the clerk,

having finished the call, declared the bill

passed.

So great was the hubbub no one

even knew the name of the bill. Un-

moved the speaker pro tem, ordered the

reading of a second bill. At this some

of the Populists added a protest to that

of the Republicans, and cries of "con-

stitution," "revolutionary" were heard.

All claims of recognition went un-

heeded until the second bill was an-

nounced passed. Further confusion

was averted finally by a motion to take

a recess, which carried.

MAY BLOCKADE PIRAEUS.

Europe Threatens to Curb Greece's War-

like Spirit.

BERLIN, Feb. 18.—A dispatch to the

Cologne Gazette from Vienna says that

most of the powers have acceded to

Germany's proposal to blockade Piraeus,

the port of Athens, in order to curb the

warlike impulses of Greece.

ATHENS, Feb. 18.—The battery of

field artillery commanded by Prince

Nicholas of Greece has started for Lar-

issa, 20 miles from the gulf of Salonika,

on the Turkish frontier.

The naval and military reserves are

still being enrolled. The Greek iron-

clad Spezia, which arrived here from

Tonin, will be prepared for active

service with all possible haste.

Reinforcements are being sent to the

Greek troops on the island of Crete.

Stores, provisions and munitions of war

accompany them.

The Greek government maintains

that it is acting in the interests of the

peace of Europe.

INCANDESCENT LIGHT COMBINE.

Some Ohio Firms Members of the New

Organization.

ST. LOUIS, Feb. 18.—One of the most

powerful combines ever organized in

the United States has just been entered

into between probably a dozen of the

largest manufacturers of incandescent

electric lamps. The combine seeks to

regulate the price of incandescent

lamps all over the country.

J. H. Rotenhamel, president of the

Columbia Incandescent Lamp company

of this city, is said to have been the

originator of the idea. Besides the

Columbia company, the combine in-

cludes the Westinghouse Electric com-

pany of Pittsburgh, the Edison General

Electric company of New York, and

companies at Warren, O., Cleveland,

Springfield, Mass., Chicago and one or

two other places.

# COX IS FOR HANNA.

A Foraker Lieutenant Declares

For the Chairman.

LIKELY TO SUCCEED SHERMAN.

This Indicates That There Is No Division

Among Ohio Republicans On This

Point—Cleveland Men Make a Move

In Hanna's Behalf.

CINCINNATI, Feb. 18.—Considerable

stir in political circles was caused here

by the public declaration of George B.

Cox in favor of the appointment of

Chairman Hanna as Sherman's suc-

cessor in the senate. There has been

much published about factional differ-

ences between old partisans of McKin-

ley and Sherman on the one hand and

those of Bushnell and Foraker on the

other hand. The latter were said to

oppose the appointment of Hanna.

As Mr. Cox is generally considered as

one of the most prominent leaders of

the Bushnell-Foraker element, the po-

sitive statement of Mr. Cox is regarded

as reflecting an agreement among

Republican leaders in Ohio on Chair-

man Hanna for the senate. Mr. Cox

said he regretted that Senator Sherman

had not made his resignation take effect

at once instead of March 5, so that the

appointment could have been made at

once and no opportunity been given for

the publications about alleged factional

fighting in McKinley's state.

Mr. Cox insists that he has not de-

serted either Governor Bushnell nor

Senator Foraker, but that he is as good

a friend to them as ever, although he is

now emphatically for Hanna and har-

mony. He says Ohio has not had two

Republicans in the senate at the same

time for 25 years, but that the state will

soon have the president, premier and

two senators.

CLEVELAND, Feb. 18.—At a meeting

of 25 or 30 influential Republicans last

evening a movement having in view the

sending of Chairman Hanna to the

United States senate was started. Mr.

Hanna knew nothing of the meeting,

but those who were present expressed

their determination to push the move-

ment vigorously.

WILL NOT JOIN THE CABINET.

Chairman Hanna Again Makes an Em-

phatic Denial.

CLEVELAND, Feb. 18.—In view of Mr.

Hanna's visit to Canton a great deal of

comment has been indulged in as to the

possibility of his entering McKinley's

cabinet, in spite of the senatorial posi-

tion made for the national chairman. Your

representative called his attention to

this fact and asked if there was any

foundation for the talk. "Immediately

after the election," said Mr. Hanna

emphatically and in some annoyance,

"I said I would not be a member of the

cabinet. I know of no reason why I

should change that statement, as I have

not changed my mind on the subject."

Questioned regarding his conference

with McKinley, he said it was of a

nature which he could not publicly dis-

cuss. He expressed the belief that Mr.

McKinley will not visit Cleveland be-

fore the inauguration.

Will Make Cotton Ties.

YORNTOWN, O., Feb. 18.—It is an-

nounced that the Union Iron and Steel

company here will resume the manu-

facture of cotton ties at once and the

orders enough to keep the cotton tie

mill going for several months. No

cotton ties have been made at this mill

during the year. The same company's

eight-inch mill has resumed after an

illness of several months.

Damage Suit Compromised.

YORNTOWN, O., Feb. 18.—The suit

of Frieze vs. the Baltimore and Ohio

Railroad company, to have been tried,

has been compromised by the company

paying \$1,000 in cash and the costs.

Frieze was an engineer on the Balti-

# ALLEN'S RESOLUTION AGREED TO.

He Attacks the Discharge of Government

Employees at South Omaha.

WASHINGTON, Feb. 18.—The senate

has agreed to Mr. Allen's resolution

calling on the civil service commission

for full information as to the South

Omaha discharges.

The senator declared that in the case

of two ladies who were discharged their

offense was that of having Mr. Bryan's

picture in their window. There were

six other ladies, Mr. Allen said, who

had McKinley pictures in their win-

dows, but they were not disturbed.

The ladies who displayed the Bryan

pictures did it in honor of a citizen of

their own state, and yet, Mr. Allen

said, this administration had brought

about their discharges. The senator

cited other cases of men who had been

## A BLESSING TO LABOR.

Head of Rubber Trust's Opinion of Trusts.

### SODA COMBINE UNDER FIRE.

Distinctly Shown That the Factors' Agreement of the Trust Hurt a Competing Firm—How the Trust Enforces Compliance by the Jobbers.

NEW YORK, Feb. 18.—Continuance of the examination of Charles R. Flint, treasurer of the United States Rubber company, before the state senate trust investigating committee, was somewhat lively, Senator Lexow pounding on the desk and ordering the witness to quit evading questions and answer yes or no. The trust officials did not comply with the order for some of the books.

Mr. Flint said he had no knowledge that the president of the New Brunswick Rubber company had received an order for the manufacture of a certain brand of rubber, but nevertheless had closed down the concern and discharged the employees.

"Do you know that at the time you discharged these men and closed this factory the United States Rubber company purchased the Colchester factory, closed that down and threw 500 men out of employment?"

"I don't know."

"Did not the New Brunswick factory close down in the dead of winter in 1905, throwing all its employees out of work, when it was offered a contract to produce what is known as third rate goods which could have kept the factory going all the winter?"

"I don't know."

Mr. Flint said that the United States Rubber company is producing better goods, at a smaller cost, adding that the wage scale of its employees had not been sliced off at any time.

"Is it not a fact that as a result of competition the Setauket Rubber company of Long Island had to close down and is still closed?"

"I don't know anything about it."

Further along Mr. Flint said: "Today the American wage-earner is enabled to sustain his rate of wages by the existence of superior organizations of manufacturers. I think the only way in which wages can be kept up is by the centralization of manufacture and the economy which results from superior organization in connection with labor-saving machinery. By means of centralization the American wage-earner can compete with cheap labor countries like China and Japan."

Asked how it was that the United States Rubber company almost doubled the price of rubber shoes since 1893, witness said he was unable to explain and claimed that the company he represented turned out the best shoe in the country today.

In order to give Mr. Flint an opportunity to provide the books and data required by Senator Lexow he was excused.

William I. Walker, treasurer of the soda syndicate, which was incorporated July 1, 1896, with a capital stock of \$2,000,000, was next examined.

"How many stockholders are there in your concern?" was asked.

"Six, who are the officers of the corporation."

"If the jobber sold the commodity at 5 cents a pound instead of five half cents, is it not true that you would deprive the jobber of his rebate?"

"It is."

"We make no difference in the matter of price in every state of the Union," added the witness.

Assemblyman Riddell handed the witness a copy of the jobbers' agreement for verification, and it was identified as a copy of the regular factors' agreement.

It showed that if the jobbers did not secure the schedule price they were deprived of the regular rebate allowed. The witness said that the rebate was a nuisance to the corporation.

"You act as protectors to the factors as against the wholesale grocers?"

"Yes, somewhat in that respect."

In reply to a further inquiry he said they were forced into making the factors' agreement by the Wholesale Grocers' association.

Previously to 1896, at the time of the consolidation, witness testified, the John White and Church companies were competing concerns.

Charles F. Pope, the junior member of the firm of Monroe, Taylor & Co., testified that the factors' agreement had considerably affected their business.

"Prior to 1889," he said, "we had a large business in soda throughout New York state."

Has the factors contract, enforced by Church, Dwight & Co., any effect on your trade?"

"Yes sir, it has hurt us."

Senator McCarran thought the action of Church, Dwight & Co. in maintaining competition was un-American and the witness nodded approval.

Witness said that if he operated through the retailer from 1 to 1½ cents per pound had been added to the price of his product through the enforcement of the factors' agreement.

Mr. Pope, on being asked for an opinion in regard to competition, said he regarded the competition of Church & Dwight as "honest."

**GERMANY IS WILLING.**  
Agrees With Wolcott to Take Part in Bimetallist Convention.

BERLIN, Feb. 18.—Senator Edward O. Wolcott of Colorado, who has been visiting this city in the interests of bimetallism, has started on his return to London. While in this city the senator conferred with Prince Hohenlohe, the imperial chancellor; Baron Marschall von Bieberstein, the minister for foreign affairs; Dr. Miquel, the minister of finance, and Dr. Koch, governor of the Reichsbank.

He was assured that Germany would join in a bimetallist convention, provided Great Britain and France agreed to do so.

**Man and Wife Murdered.**  
TYNDALL, S. D., Feb. 18.—Anton Shupok and wife have been found lying dead in their home on the Yankton reservation. They had \$300 in the house. Robbers probably committed the crime.

### STILL WANT ANNEXATION.

A Hawaiian Cabinet Official Arrives to Promote It.

SAN FRANCISCO, Feb. 18.—Among the passengers from Honolulu on the Australia was Attorney General Smith, who will proceed at once to Washington to confer with Minister Hatch on annexation questions. His sudden departure was the outcome of a hurried meeting of the Hawaiian cabinet after the receipt of important letters from Minister Hatch regarding annexation.

Lorrin A. Thurston, formerly Hawaiian minister to the United States, will accompany Mr. Smith to Washington. "I go to Washington in the sole interest of annexation," said Attorney General Smith. "Cable propositions or any other issue will be relegated to the rear. The cabinet has deemed it necessary from the recent advices from Mr. Hatch to have a representative of the Hawaiian republic in Washington with power to act."

"Matters which are of vital importance to the islands will probably come up during the fortnight that I will be in Washington, and the authority is vested in me to act for this government. A great deal of valuable time can be saved in this way. It is closer political union with the United States that I shall work for while in Washington."

### CHANGES ON THE PENNSY.

More Officials Benefited by the Moving Up Process.

PHILADELPHIA, Feb. 18.—In the moving up process in the Pennsylvania railroad system, caused by the death of George B. Roberts, Michael Trump, at present assistant superintendent of the Pittsburg division, has been promoted to the office of general superintendent of transportation of the entire system, succeeding J. B. Hutchinson, who was promoted to the office of general manager.

R. L. O'Donnell, assistant engineer of the Pittsburg division, takes Mr. Trump's old place, and Joseph B. Baker, assistant engineer at Renova, succeeds O'Donnell.

Richard L. Head, for several years chief clerk to General Manager Provost, recently elected third vice president, accompanies the latter in the change.

Matthew J. Ramsey, for 25 years an attaché of the general manager's office, succeeds Mr. Head as chief clerk of that department.

### EXECUTED 100 CUBANS.

Brutal Action of Spaniards With Prisoners and Wives and Children.

HAVANA, Feb. 18.—A band of Spanish guerrillas commanded by Major Taso of General Pare's army, in Pinar del Rio province, is reported to have captured the heights of Montevari, north of Paso Real de Santiago, putting over 100 prisoners to the sword.

The children were put to death, reserving the women and girls for the soldiers.

### Death For Trainwreckers.

ALBANY, Feb. 18.—The senate has passed unanimously a bill providing that persons convicted of placing obstructions on railroad tracks shall be guilty of murder in the first degree.

### May Endorse Democratic Ticket.

GRAND RAPIDS, Feb. 18.—The Democrats, Silverites and Populists are holding state convention here. The Democratic ticket will likely be endorsed.

The street force are today taking up a sewer in West End at the corner of Pleasant and May streets, and putting in one in Illinois street, Bradshaw addition.

Very few train jumpers have been arrested by the railroad detectives for many weeks, but now that the weather is nice the work of the officers in guarding trains is increasing.

The construction gang who are placing new rails on the main line, from Yellow Creek to Hammondsville, are making rapid progress. The line may be improved to Irondale.

W. N. Fleming and family, of this city, were called to Steubenville, last evening, by the news of the death of Mr. Fleming's grandfather. Dropsy was the cause. The funeral took place today.

Several small boys, who were horse-back riding yesterday afternoon, had a running race in Broadway. This is a practice that is even worse than fast driving, and the police should see that it is stopped.

Mrs. Al Obney and two daughters went to Akron, last evening, where they will remain at the side of Mrs. Obney's sister, Mrs. Henry Morgan, of that place, who is very ill. Mrs. Morgan formerly resided here.

Morrison Stewart, who went to Boulder, Col., a few years ago with Milton Moore to seek his fortune, has decided to return, and has rented a house in California hollow. His household goods will arrive in a few days.

A force is still at work at the point above Smith's Ferry where a slip was threatened. Many piles have been driven in the earth, and it is believed that the bank was slowly sliding toward the railroad tracks has been effectually checked, and that danger is passed.

The automatic pay station placed in a Diamond business house two months ago, will be removed and placed in the Hotel Grand. Manager Swaney says there are 248 telephones in the city and 37 in Salineville. The employees have just finished putting in position the last of 24 phones.

Yesterday afternoon a well dressed man rang the door bell of a Seventh street residence, and the lady of the house was considerably surprised when he asked if she had any old socks she could give him. The lady advised him to follow the example set by Jerry Simpson and do without them.

Mrs. Murray Nickle, of this city, accompanied by her sister, Mrs. John McBride, of Avalon, Pa., who has been visiting her three weeks, will go to Burgettstown tomorrow morning, where they will remain to attend the marriage of their brother, Isaac Bigger, and Miss Wilson, who live near that place. The wedding will take place next Wednesday evening.

## A BLESSING TO LABOR.

Head of Rubber Trust's Opinion of Trusts.

### SODA COMBINE UNDER FIRE.

Distinctly Shown That the Factors' Agreement of the Trust Hurt a Competing Firm—How the Trust Enforces Compliance by the Jobbers.

NEW YORK, Feb. 18.—Continuance of the examination of Charles R. Flint, treasurer of the United States Rubber company, before the state senate trust investigating committee, was somewhat lively, Senator Lexow pounding on the desk and ordering the witness to quit evading questions and answer yes or no. The trust officials did not comply with the order for some of the books.

Mr. Flint said he had no knowledge that the president of the New Brunswick Rubber company had received an order for the manufacture of a certain brand of rubber, but nevertheless had closed down the concern and discharged the employees.

"Do you know that at the time you discharged these men and closed this factory the United States Rubber company purchased the Colchester factory, closed that down and threw 500 men out of employment?"

"I don't know."

"Did not the New Brunswick factory close down in the dead of winter in 1905, throwing all its employees out of work, when it was offered a contract to produce what is known as third rate goods which could have kept the factory going all the winter?"

"I don't know."

Mr. Flint said that the United States Rubber company is producing better goods, at a smaller cost, adding that the wage scale of its employees had not been sliced off at any time.

"Is it not a fact that as a result of competition the Setauket Rubber company of Long Island had to close down and is still closed?"

"I don't know anything about it."

Further along Mr. Flint said: "Today the American wage-earner is enabled to sustain his rate of wages by the existence of superior organizations of manufacturers. I think the only way in which wages can be kept up is by the centralization of manufacture and the economy which results from superior organization in connection with labor-saving machinery. By means of centralization the American wage-earner can compete with cheap labor countries like China and Japan."

Asked how it was that the United States Rubber company almost doubled the price of rubber shoes since 1893, witness said he was unable to explain and claimed that the company he represented turned out the best shoe in the country today.

In order to give Mr. Flint an opportunity to provide the books and data required by Senator Lexow he was excused.

William I. Walker, treasurer of the soda syndicate, which was incorporated July 1, 1896, with a capital stock of \$2,000,000, was next examined.

"How many stockholders are there in your concern?" was asked.

"Six, who are the officers of the corporation."

"If the jobber sold the commodity at 5 cents a pound instead of five half cents, is it not true that you would deprive the jobber of his rebate?"

"It is."

"We make no difference in the matter of price in every state of the Union," added the witness.

Assemblyman Riddell handed the witness a copy of the jobbers' agreement for verification, and it was identified as a copy of the regular factors' agreement.

It showed that if the jobbers did not secure the schedule price they were deprived of the regular rebate allowed. The witness said that the rebate was a nuisance to the corporation.

You act as protectors to the factors as against the wholesale grocers?"

"Yes, somewhat in that respect."

In reply to a further inquiry he said they were forced into making the factors' agreement by the Wholesale Grocers' association.

Previous to 1896, at the time of the consolidation, witness testified, the John White and Church companies were competing concerns.

Charles F. Pope, the junior member of the firm of Monroe, Taylor & Co., testified that the factors' agreement in regard to the sale of bi-carbonate had considerably affected their business.

"Prior to 1880," he said, "we had a large business in soda throughout New York state."

"Has the factors contract, enforced by Church, Dwight & Co., any effect on your trade?"

"Yes sir, it has hurt us."

Senator McCarran thought the action of Church, Dwight & Co. in maintaining competition was un-American and the witness nodded approval.

Witness said that if he operated through the retailer from 1 to 1 1/2 cents per pound had been added to the price of his product through the enforcement of the factors' agreement.

Mr. Pope, on being asked for an opinion in regard to competition, said he regarded the competition of Church & Dwight as "honest."

### GERMANY IS WILLING.

Agrees With Wolcott to Take Part In Bimetallist Convention.

BERLIN, Feb. 18.—Senator Edward O. Wolcott of Colorado, who has been visiting this city in the interests of bimetallism, has started on his return to London. While in this city the senator conferred with Prince Hohenlohe, the imperial chancellor; Baron Marschall von Bieberstein, the minister for foreign affairs; Dr. Miquel, the minister of finance; and Dr. Koch, governor of the Reichsbank.

He was assured that Germany would join in a bimetallic convention, provided Great Britain and France agreed to do so.

### Man and Wife Murdered.

TYNDALL, S. D., Feb. 18.—Anton Shupok and wife have been found lying dead in their home on the Yankton reservation. They had \$300 in the house. Robbers probably committed the crime.

### STILL WANT ANNEXATION.

A Hawaiian Cabinet Official Arrives to Promote It.

SAN FRANCISCO, Feb. 18.—Among the passengers from Honolulu on the Australia was Attorney General Smith, who will proceed at once to Washington to confer with Minister Hatch on annexation questions. His sudden departure was the outcome of a hurried meeting of the Hawaiian cabinet after the receipt of important letters from Minister Hatch regarding annexation.

Lorrin A. Thurston, formerly Hawaiian minister to the United States, will accompany Mr. Smith to Washington. "I go to Washington in the sole interest of annexation," said Attorney General Smith. "Cable propositions or any other issue will be relegated to the rear. The cabinet has deemed it necessary from the recent advices from Mr. Hatch to have a representative of the Hawaiian republic in Washington with power to act."

"Matters which are of vital importance to the islands will probably come up during the fortnight that I will be in Washington, and the authority is vested in me to act for the government. A great deal of valuable time can be saved in this way. It is closer political union with the United States that I shall work for while in Washington."

### CHANGES ON THE PENNSY.

More Officials Benefited by the Moving Up Process.

PHILADELPHIA, Feb. 18.—In the moving up process in the Pennsylvania railroad system, caused by the death of George B. Roberts, Michael Trump, at present assistant superintendent of the Pittsburgh division, has been promoted to the office of general superintendent of transportation of the entire system, succeeding J. B. Hutchinson, who was promoted to the office of general manager. R. L. O'Donnell, assistant engineer of the Pittsburgh division, took Mr. Trump's old place, and Joseph B. Baker, assistant engineer at Renova, succeeds O'Donnell.

Richard L. Head, for several years chief clerk to General Manager Provost, recently elected third vice president, accompanies the latter in the change.

Matthew J. Ramsey, for 25 years an attaché of the general manager's office, succeeds Mr. Head as chief clerk of that department.

### EXECUTED 100 CUBANS.

Brutal Action of Spaniards With Prisoners and Wives and Children.

HAVANA, Feb. 18.—A band of Spanish guerrillas commanded by Major Taso of General Pare's army, in Pinar del Rio province, is reported to have captured the heights of Montevarti, north of Paso Real de Santiago, putting over 100 prisoners to the sword. The children were put to death, reserving the women and girls for the soldiers.

### Death For Trainwreckers.

ALBANY, Feb. 18.—The senate has passed unanimously a bill providing that persons convicted of placing obstructions on railroad tracks shall be guilty of murder in the first degree.

### May Endorse Democratic Ticket.

GRAND RAPIDS, Feb. 18.—The Democrats, Silverites and Populists are holding state conventions here. The Democratic ticket will likely be endorsed.

### Another Cuban Expedition.

GALVESTON, Feb. 18.—A big Cuban expedition is reported to have left the Texas coast last night.

## THE STATE CONVENTION

Columbiana County Will Get Twenty Delegates.

AN INCREASE OVER LAST YEAR

It will be made up of over a thousand good Republicans, and will be the largest in the history of the state—the big vote last fall is the cause.

Columbiana county will have more votes in the coming state convention than at any other time in its history, the vote polled for McKinley and Hobart entitling us to 20 representatives.

This year's Republican state convention will be the largest of any ever held in Ohio. It will consist of 1,652 delegates. Last year the convention was composed of 849 delegates, and that number had been exceeded but once before. Last year's figure is increased by over 200. The tremendous vote polled last fall by McKinley and Hobart is the cause of this great increase.

The gain of 203 votes over last year is found to be pretty well spread over the state. All the counties containing cities show an increase. Cuyahoga county increases by 28 delegates, which is the largest increase in any one county. Hamilton county increases by 26 delegates. Other city-counties show corresponding gains.

Only six counties in the state will show more delegates than Columbiana. They are Cuyahoga 86, Franklin 41, Hamilton 115, Lucas 34, Montgomery 37, and Stark 24. There are no others with an equal number of delegates. The smallest number will come from Holmes, where only three can be chosen, but several counties will be represented by four. The delegates from this county will be chosen at the ratification meeting, to be held in Lisbon, March 16.

AT AUDITORIUM HALL.

Don't Miss the Rich Treat on Friday Night.

The illustrated lecture, to be given at the Young Men's Christian association headquarters, on Friday night, Feb. 19, promises to be one of the most delightful entertainments of the course. Prof. J. A. Leonard bears the reputation of being one of the most entertaining talkers on the platform, and his subject, "The Wonders of the Colorado Plateau," is teeming with instruction and features which you should not fail to have stamped upon your mind and memory. The views are simply superb, and have won warm commendation from press and public. If you desire a genuine treat, take your lady friends and hear Professor Leonard tomorrow night.

A COMPLETE PLANT

Is Being Placed in the Thompson Block.

Workmen are today placing in position the 20 horse power gas engine which is to furnish power for the electric plant in the Thompson building. ## WELLSVILLE.

A GOOD RUN

Was Made by a Liverpool Player In Wellsville.

The agility of a well known baseball player of East Liverpool served him a good turn on a recent evening in Wellsville. This gentleman called on his lady love brother to the dissatisfaction of her big brother who warned the young man to depart. The lover did not go, and after inducing his lady love to leave the parental roof gained her company and strolled down Main street. The big brother was hot upon his track, and when they met he forcibly requested his sister to trot home while he proceeded to administer a sound thrashing to the player. This the Liverpool man was not willing to endure and he displayed to the big brother how quickly he could make a home run.

FRANK HURST BURIED.

His Health Grew Worse From the Time He Left Wellsville.

George Hurst and daughter, Miss Mary, leave this city for Uniontown, Pa., tomorrow, from which place Mr. Hurst leaves for Ellsworth, Kan., his home. Their sad mission ended here yesterday afternoon when the remains of Frank Hurst were interred. Through inquiry, it is learned that Frank's health had been failing since leaving Wellsville several years ago. His father and a brother removed to Kansas, and a few months since Frank's health again failed and he proceeded to Amarilla, Tex., where he died at the City Hotel. His remains were shipped to Ellsworth, and from that point to Wellsville.

The News of Wellsville.

Charles Reed, of Front street, is very ill.

Mrs. A. Fisher is able to be about again, after several weeks sickness.

The Cleveland & Pittsburg blacksmith shop was on extra time again last evening, and there seems to be a rush in that department.

The shutting down of the Cleveland and Pittsburg car shops turned a damper on business in general in the West End. Some of the families claim they have barely enough to carry them through the month, while others say it places them in a bad condition.

Statistics show that thousands of infants and children yearly die of membranous croup. We do not exaggerate when we state that every one of these innocents could have been saved had Foley's honey and tar been given them in time. Can you afford to be without it in your household? ## BURIED ALL THE BONES

They Were Reinterred In the Old Cemetery.

FIVE COFFINS WERE IN SIGHT

The Trustees Have Done What They Could to Improve Conditions at the Bluff—The sentiment is growing that the city should do something.

The human bones which rolled into the road at the foot of the cemetery hill when the bank gave way have all been collected and buried by order of the cemetery trustees.

The trustees have no power to remove the bodies, and when they learned that bones had been found at the foot of the hill they employed a man to collect and bury them at a point where there is little danger of them leaving for many years. This course will be continued whenever bones are found, and the trustees will do all in their power to prevent them from becoming the playthings of mischievous boys.

More earth slipped away from the face of the hill yesterday, and a crowd of curious people who visited the place were able to see the ends of five coffins sticking out of the ground. It is only a question of time until they too will go tumbling down, and more bones will be scattered at the foot of the hill. The question of abandoning the cemetery and transforming it into a park is the principal subject for conversation among those who have been interested by the revelations of the past few days.

The Most Fatal Disease.

It is not generally known that more adults die of kidney trouble than any other disease. When the first symptoms of this disease appear no time should be lost in taking Foley's kidney cure, which is guaranteed or money refunded. For sale at Bulger's and Reed's drug stores.

Spend a season of delight at Auditorium hall tomorrow night.

It is hard to tell sometimes whether the shopper or the saleswoman feels the effect of shopping the most. Even the pleasant part of it involves standing, waiting, weariness for both of them and more or less hurry and neglect of regular meals and regular habits. This leads to dyspepsia, constipation or both; they are two links in the chain of indigestion; another link is biliousness; headache is another; then follows backache, drowsiness, dizziness, an irritable temper and the "blues," all links of one chain binding down your energies and making life a burden. The way to throw off the whole trouble at once is to put the bowels and stomach into condition again. Dr. Pierce's Pleasant Pellets do this quicker, more comfortably and more naturally than any other remedy in the world. They actually cure constipation so it stays cured; you don't become a slave to their use; they strengthen the intestines to do their own work, tone the stomach and gently stimulate the liver. They are mild but sure, like Nature itself. Don't let any druggist give you a gripping pill. Insist on having Dr. Pierce's Pleasant Pellets.

The People's Common Sense Medical Adviser gives more plain useful information about the human body and all the ailments to which it is subject than any other single book in the English language. It is really a medical encyclopedia in one volume, a large heavy book of 1068 pages, with over 300 illustrations. The outlay of money, time and effort in producing this great book was paid for by the sale of the first edition of 50,000 copies at \$1.50 each; and the profit has been used in publishing the present edition of half a million copies to be sent absolutely without price to all who will remit the small charge of 21 cents in one-cent stamps to pay the cost of mailing only. Address, with stamps, World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.

HARD TO COMBAT

The Evidence of Our Senses—What East Liverpool People Say is Pretty Good Proof for East Liverpool People.

When we see it ourselves. When our own ears hear it. When our neighbors tell it. Our friends indorse it. No better evidence can be had. It's not what people say in Maine. Or distant mutterings from California. No deceiving echoes here. East Liverpool talk about East Liverpool people.

Doan's Kidney Pills.

Can you believe your neighbors? Read this statement made by a citizen: Mr. R. H. Hawkins, an employee of Sebring's Pottery, who lives at No. 234 Second St., says: "I found Doan's Kidney Pills very satisfactory. I had been taking medicine for my kidneys right along, and if I had found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled two years or more with distressing backache across the loins, a steady aching pain with quick twinges now and then when stooping or lifting that felt as if a sharp instrument had pierced my back, while the secretions of the kidneys were highly colored, feverish or slightly scalding. Work seemed to be a drag; I had no energy, and I am more than thankful that I was induced to go to the W. & W. Pharmacy and get a box of Doan's Kidney Pills. Since taking them there has been no sign of my old complaint coming back. I feel better in every way, can now work with a will, and indorse the medicine that brought this change about."

Doan's Kidney Pills are sold by all dealers. Price 50 cents per box, or six boxes for \$2.50. Sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

## THE STATE CONVENTION

Columbiana County Will Get Twenty Delegates.

AN INCREASE OVER LAST YEAR

It Will Be Made Up of Over a Thousand Good Republicans, and Will Be the Largest in the History of the State—The Big Vote Last Fall Is the Cause.

Columbiana county will have more votes in the coming state convention than at any other time in its history, the vote polled for McKinley and Hobart entitling us to 20 representatives.

This year's Republican state convention will be the largest of any ever held in Ohio. It will consist of 1,052 delegates. Last year the convention was composed of 849 delegates, and that number had been exceeded but once before. Last year's figure is increased by over 200. The tremendous vote polled last fall by McKinley and Hobart is the cause of this great increase.

The gain of 203 votes over last year is found to be pretty well spread over the state. All the counties containing cities show an increase. Cuyahoga county increases by 28 delegates, which is the largest increase in any one county. Hamilton county increases by 26 delegates. Other city-counties show corresponding gains.

Only six counties in the state will show more delegates than Columbiana. They are Cuyahoga 86, Franklin 41, Hamilton 115, Lucas 34, Montgomery 37, and Stark 24. There are no others with an equal number of delegates. The smallest number will come from Holmes, where only three can be chosen, but several counties will be represented by four. The delegates from this county will be chosen at the ratification meeting, to be held in Lisbon, March 16.

AT AUDITORIUM HALL.

Don't Miss the Rich Treat on Friday Night.

The illustrated lecture, to be given at the Young Men's Christian association headquarters, on Friday night, Feb. 19, promises to be one of the most delightful entertainments of the course. Prof. J. A. Leonard bears the reputation of being one of the most entertaining talkers on the platform, and his subject, "The Wonders of the Colorado Plateau," is teeming with instruction and features which you should not fail to have stamped upon your mind and memory. The views are simply superb, and have won warm commendation from press and public. If you desire a genuine treat, take your lady friends and hear Professor Leonard tomorrow night.

A COMPLETE PLANT

Is Being Placed in the Thompson Block.

Workmen are today placing in position the 20 horse power gas engine which is to furnish power for the electric plant in the Thompson building. The engine is built by the same company, the Pierce-Crouch, of New Brighton, and on the same plan, as that in use in the office of the NEWS REVIEW. The company is represented by Mr. Whitacre, of Wellsville.

The Grand Canon Cliff dwellers. See the pictures of the cliff dwellers. Auditorium hall tomorrow night.

Largest of the Season.

The Shea company at the Grand last evening played "Dr. Jekyll and Mr. Hyde" to the largest house of the season. Tonight "The Country Politician" will be presented, and tomorrow evening by special request "The Man-o-Warsman" will be repeated.

"The Wonders of the Colorado Plateau." Take your lady friends to the Auditorium hall tomorrow night.

## WELLSVILLE.

A GOOD RUN

Was Made by a Liverpool Player in Wellsville.

The agility of a well known baseball player of East Liverpool served him a good turn on a recent evening in Wellsville. This gentleman called on his lady love much to the dissatisfaction of her big brother who warned the young man to depart. The lover did not go, and after inducing his lady love to leave the parental roof gained her company and strolled down Main street. The big brother was hot upon his track, and when they met he forcibly requested his sister to trot home while he proceeded to administer a sound thrashing to the player. This the Liverpool man was not willing to endure and he displayed to the big brother how quickly he could make a home run.

FRANK HURST BURIED.

His Health Grew Worse From the Time He Left Wellsville.

George Hurst and daughter, Miss Mary, leave this city for Uniontown, Pa., tomorrow, from which place Mr. Hurst leaves for Ellsworth, Kan., his home. Their sad mission ended here yesterday afternoon when the remains of Frank Hurst were interred. Through inquiry, it is learned that Frank's health had been failing since leaving Wellsville several years ago. His father and a brother removed to Kansas, and a few months since Frank's health again failed and he proceeded to Amarilla, Tex., where he died at the City Hotel. His remains were shipped to Ellsworth, and from that point to Wellsville.

The News of the Street.

Charles Reed, of Front street, is very ill.

Mrs. A. Fisher is able to be about again, after several weeks sickness. The Cleveland & Pittsburgh blacksmith shop was on extra time again last evening, and there seems to be a rush in that department.

The shutting down of the Cleveland and Pittsburgh car shops turned a damper on business in general in the West End. Some of the families claim they have barely enough to carry them through the month, while others say it places them in a bad condition.

Statistics show that thousands of infants and children yearly die of membranous croup. We do not exaggerate when we state that every one of these innocents could have been saved had Foley's honey and tar been given them in time. Can you afford to be without it in your household? For sale at Bulger's and Reed's drug stores.

Sued the Light Company.

The Lakon company, of Elkhart, Ind., have commenced suit against the Ceramic City Light company for \$110. The case will be heard Saturday morning.

## BURIED ALL THE BONES

They Were Reinterred in the Old Cemetery.

FIVE COFFINS WERE IN SIGHT

The Trustees Have Done What They Could to Improve Conditions at the Bluff—The Sentiment Is Growing That the City Should Do Something.

The human bones which rolled into the road at the foot of the cemetery hill when the bank gave way have all been collected and buried by order of the cemetery trustees.

The trustees have no power to remove the bodies, and when they learned that bones had been found at the foot of the hill they employed a man to collect and bury them at a point where there is little danger of their leaving for many years. This course will be continued whenever bones are found, and the trustees will do all in their power to prevent them from becoming the playthings of mischievous boys.

More earth slipped away from the face of the hill yesterday, and a crowd of curious people who visited the place were able to see the ends of five coffins sticking out of the ground. It is only a question of time until they too will go tumbling down, and more bones will be scattered at the foot of the hill. The question of abandoning the cemetery and transforming it into a park is the principal subject for conversation among those who have been interested by the revelations of the past few days.

The Most Fatal Disease.

It is not generally known that more adults die of kidney trouble than any other disease. When the first symptoms of this disease appear no time should be lost in taking Foley's kidney cure, which is guaranteed or money refunded. For sale at Bulger's and Reed's drug stores.

Spend a season of delight at Auditorium hall tomorrow night.

Called on the Doctor.

Dr. Robert Laughlin, of Steubenville, and Dr. W. T. Norris, of this city, are at West Penn hospital today calling on Dr. F. M. Laughlin. The latter passed a quiet night, and hopes for his recovery are brighter.

Saturday races. Rink.

Settled a Case.

The case of John T. McDonald against Monroe Patterson was this morning settled out of court, by Mr. Patterson paying the plaintiff for the machinery.

—Auditor George B. Harvey was in the city yesterday looking after business.

—Mr. and Mrs. Charles Brannen, of Wheeling, W. Va., are visiting in the city.

—J. M. Neville and wife, of Elkton, are visiting at the home of A. J. Moon, Fourth street.

—E. H. Sebring returned this morning to East Palestine, after spending a few days in the city.

—Henry Polk, of Pittsburg, spent yesterday the guest of his brother, Will Polk, of the Thompson House.

It is hard to tell sometimes whether the shopper or the saleswoman feels the effect of shopping the most. Even the pleasant part of it involves standing, waiting, weariness for both of them and more or less hurry and neglect of regular meals and regular habits. This leads to dyspepsia or constipation or both;

they are two links in the chain of indigestion; another link is biliousness; headache is another; then follows backache, drowsiness, dizziness, an irritable temper and the "blues," all links of one chain binding down your energies and making life a burden. The way to throw off the whole trouble at once is to put the bowels and stomach into condition again. Dr. Pierce's Pleasant Pellets do this quicker, more comfortably and more naturally than any other remedy in the world. They actually cure constipation so it stays cured; you don't become a slave to their use; they strengthen the intestines to do their own work, tone the stomach and gently stimulate the liver. They are mild but sure, like Nature itself. Don't let any druggist give you a griping pill. Insist on having Dr. Pierce's Pleasant Pellets.

The People's Common Sense Medical Adviser gives more plain useful information about the human body and all the ailments to which it is subject than any other single book in the English language. It is really a medical encyclopedia in one volume, a large heavy book of 1008 pages, with over 300 illustrations. The cost of mailing only. Address, with stamp, World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.

HARD TO COMBAT

The Evidence of Our Senses—What East Liverpool People Say is Pretty Good Proof for East Liverpool People.

When we see it ourselves. When our own ears hear it. When our neighbors tell it. Our friends indorse it.

No better evidence can be had. It's not what people say in Maine. Or distant mutterings from California. No deceiving echoes here.

East Liverpool talk about East Liverpool people. Public opinion pushed for the public good.

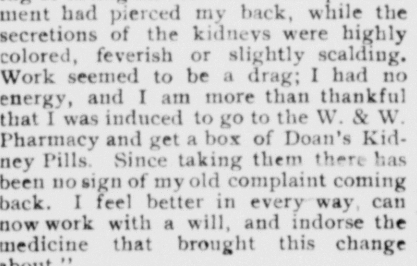

There is no proof like home proof. Home testimony at the back of every box of

Doan's Kidney Pills.

Can you believe your neighbors? Read this statement made by a citizen: Mr. R. H. Hawkins, an employee of Sebring's Pottery, who lives at No. 234 Second St., says: "I found Doan's Kidney Pills very satisfactory. I had been taking medicine for my kidneys right along, and if I had found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled two years or more with distressing backache across the loins, a steady aching pain with quick twinges now and then when stooping or lifting that felt as if a sharp instrument had pierced my back, while the secretions of the kidneys were highly colored, feverish or slightly scalding. Work seemed to be a drag; I had no energy, and I am more than thankful that I was induced to go to the W. & W. Pharmacy and get a box of Doan's Kidney Pills. Since taking them there has been no sign of my old complaint coming back. I feel better in every way, can now work with a will, and indorse the medicine that brought this change about."

Doan's Kidney Pills are sold by all dealers. Price 50 cents per box, or six boxes for \$2.50. Sent by mail on receipt of price. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States
